

We have a couple of RV Guidelines:

1. Park "With" the Parking spots NOT across. We prefer the RVs take two parking Spots rather than 4 or 5.
2. We prefer RVs setup closer to Glassford Hill Rd. and NAZ Suns Way, thus leaving parking spots closest to the building for daily vehicles.
3. Please take all their trash with them. Our outside trash receptacles are small and cannot hold more than what's already generated from Event Attendees.
4. Please do not damage the Asphalt. Pay attention to campfires to make sure they are not melting the parking lot surface. Technically campfires are not permitted, however, I have never seen the Town enforce this.
